

CMSA Educational Resource Library

SUPPORTING THE DEVELOPMENT
OF CARE MANAGEMENT PROFESSIONALS.

Your Online Source for Continuing Education

CMSA's ERL offers educational programs to case managers and allied health professionals serving the care management industry. Completely web-based to facilitate "anytime, anywhere" access to learning, the Library offers over 45 clinical and 55 business courses in several media formats, along with certification listings and the ability to print CE certificates

As a member-only resource, CMSA's Educational Resource Library (ERL) features Case Management, Disease Management, and Utilization Management programs customized to three levels:

- Basic
- Intermediate
- Advanced

Such a skills-based model allows users to more accurately track their advancement along the professional development continuum.

Member benefits like CMSA's ERL are tangible tools that CMSA members can use to increase their strategic value to employers, as well as, to patients and their families. Not a member? It's easy to apply online for your CMSA Membership at www.cmsa.org.
